WOMAN'S RELIEF CORPS.

The 26th National Convention Memorabilia.
Address of National President Kate E. Jones—Reports of Other Officers.
Patriotic Progress and Growth of Membership—Andersonville Prison Park.

All the National Conventions of the Woman's Relief Corps are good, and we are apt to think that the last one is the very best, not only now, but it seemed of the 26th National Convention held in Toledo, two weeks ago. Toledo is just one of the prettiest of Western towns—possibly "Western" is a little strong, but at least it is in what would be called the Western belt of state and Toledo had no lachrymations hanging out. Not a one. The big, wide doors had simply been taken off the hinges and you could drive a regiment from the openings, and nobody would have objected. The National Tribune has already paid its respects and compliments to the decorations, the courtesies, the genial, open-hearted hospitalities of Toledo, and it is not necessary to repeat these, but it is safe to say that if Toledo ever whispers to us to "come again," we shall "come a running," as they say out West, we certainly will.

The headquarters of the National Woman's Relief Corps, Mrs. Kate E. Jones, Hon. N. Y. National President, were at the Secor Hotel, Toledo, Ohio, only partly finished, but it proved adequate for the different headquarters of women that were established there.

Every day beautiful flowers were furnished by the ladies of Toledo, who showered them on the various Department Headquarters by the bushel. Such beautiful flowers, many of them planted and tended by loving hands just for this purpose, so that they seemed to breathe love and patriotism to us all the time. Mrs. Lida A. Oldroyd, of Potomac, Pa., on duty three days as Chairman of Headquarters Reception Committee.

The days from Sunday, Aug. 30, to Saturday, Sept. 5, were simply full of comfort. There were things doing all the time. Lots of things, all of them jolly, all of them patriotic, and oratory was on tap till you dreamed red, and then see it today, you would believe it was the same place that came to us to be improved and held as a sacred trust in memory of our boys in blue, who chose death rather than dishonor.

"When you look over these beautiful grounds now, you marvel at the thought and wonder how it could be possible that so much sorrow and suffering should ever have existed upon such a beautiful spot of ground."

Each one demands as much work as a big Department. Then the misundestanding with Post Commanders calls for a great amount of correspondence. Mrs. Jones then stated that the 37 Detached Corps of the former Department of Mississippi be formed into a Provisional Department, with a President, Secretary and Treasurer appointed by the National President.

Because of misrepresentation, misunderstanding and many other reasons the National President recommended that the Convention rescind the action of the National Convention regarding the work on the erection of a monument to loyal women in the South and decline to finish the work.

Of the patriotic work of the Woman's Relief Corps the National President said:

"In the various Departments I have visited the patriotic work has been an inspiration. It is highly commended by the comrades who were largely to report and the work was rapidly advanced. The Committee on Address of the National President reported through its Chairman, Mrs. Emma Stark Hampton, that the 100th Anniversary of the birth of Sarah D. Winans, Mrs. Abbie Asenath Adams and Mrs. Carrie R. Read, they were each greeted with applause and the work was rapidly advanced."

The work had been so far advanced by the afternoon meeting of Wednesday that the National President was able to report and the work was rapidly advanced. The Committee on Address of the National President reported through its Chairman, Mrs. Emma Stark Hampton, that the 100th Anniversary of the birth of Sarah D. Winans, Mrs. Abbie Asenath Adams and Mrs. Carrie R. Read, they were each greeted with applause and the work was rapidly advanced."

Of Andersonville Prison Park the National President said:

"Early in my administration I became aware that the expense of maintaining Andersonville Prison Park is a great drain on our treasury. In fact, it is apparent to anyone who will study the question that if continued it will financially overwhelm us."

"I consulted with several Past National Presidents and my Committee on Administration as to the advisability of ascertaining if the United States Government would receive from the Woman's Relief Corps the gift of the Andersonville Prison Park. I found that all agreed with me, and I then made a formal tender of the property. The services of Senator J. B. Foraker were secured to draft and send a bill to the United States Senate. It had the second reading, and was referred to the Secretary of War, who will present it to the next session of Congress for legislation."

Of Memorial Day she said:

"The observance and services of Memorial Day is the greatest object-lesson in this or any other country—a day when the people turn aside from the busy haunts of life to honor the Nation's dead, to hold in grateful remembrance those to whom we owe the blessings we enjoy today, both the living and the dead."

Memorial Day to decorate the graves of members of the W. R. C. is fitting, but it should be another day than May 30, and the Stars and Stripes should not be used. If a flag is desired, let it be a white flag."

She then recommended that a white flag with letters W. R. C. be placed on the graves of members of the Woman's Relief Corps.

Mrs. Jones then stated that the appropriation from Congress for flags for graves in the South fell so far short of what was needed that the Woman's Relief Corps contributed \$250 to the fund.

One of the most memorable and important occasions of the year was the unveiling of the bronze memorial tablet of Abraham Lincoln's special friendship to the National Aids, the friendship of Abraham Lincoln, of the Hamburg-American Line. The Woman's Relief Corps was greatly honored by the invitation to its National Aids to give an address with such distinguished speakers as Capt. Hobbingshaw, of the Imperial German Embassy; Lieut. Commander W. S. Sims, of the United States Navy, and President Nicholas Murray Butler, of Columbia College, and Gen. Charles G. Burton, Commander-in-Chief of the Grand Army of the Republic. The unveiling was successfully conducted by Quartermaster-Gen. Charles Burrows, and Warren Lee Goss, National Patriotic Instructor of the Grand Army.

In closing the National President extended thanks to the Commander-in-Chief and his official staff for courtesies received, to the Past National President, to the National Aids, to the official printer, to her official staff, her National Counselor, Treasurer and Secretary. All these beautiful memories it takes you down the journey of life," she said.

"The honor given me extended to my own Department, and many of its members, and many of its members, who have cheered me on my way. I extend to them grateful and loving remembrance."

Membership and Finances.
The National Secretary, Eliza Brown Daggett, reported a total membership in the organization of 1,153, which is high-water mark. The total number of Corps is 3,119. Number of Departments, 34.

Mrs. Charlotte E. Wright, National Treasurer, reported the total assets of the Woman's Relief Corps, including funds, as \$25,490, and liabilities none.

The National Inspector, Mary E. Hartwell, reported that the number of graves reported was 710,282, at a cost of \$17,597.

of the Grand Army, and she recommended that in the future Corps continue to contribute to that fund each year.

The Silver Jubilee.
Mrs. Jones spoke of the Silver Jubilee year which was observed in most of the Departments by special ceremonies which had aroused new interest in the Grand Army of the Republic and the Woman's Relief Corps.

She commended the work of the Sons of Veterans and of the Daughters of Veterans, and stated that we would gladly welcome them to our installations and other ceremonies. She said that the work of inspection she said that it had been well done.

Detached Corps.
Of the white Detached Corps she said: "There are in good standing at this time 87 Detached Corps, scattered over a large territory, with a total membership of 8,813. All Detached Corps are a great help to their Posts. So many Detached Corps, however, added a great burden to the work of the National body, as also reported that Department of Washington and Alaska, at the head of the line, gained during the year 144 charters, New York Corps second, 117; Ohio, 109; Nebraska, 93; Indiana, 86; Illinois, 76."

Patriotic Instruction.
The report of the National Patriotic Instructor, Mrs. Lida M. Knauff, was replete with cheering information concerning the work done by each Corps. Of the work of instruction she said: "I have sent out 31 large flags, 20,000 flag salutes, have issued two circular letters, one to each Corps, and have presented two loyalty pins, one to Oklahoma and one to West Virginia, and written over 1,000 letters."

Andersonville Prison Park.
The report of the Chairman of the Andersonville Prison Park Board of Managers, Mrs. Sarah D. Winans, is always one of the reports of interest. She said in part:

"It is now 12 years since the Woman's Relief Corps accepted from the Grand Army of Georgia the ground known as the Andersonville Prison Pen. If you could have seen the ground when the Relief Corps came into possession of it, and then see it today, you would believe it was the same place that came to us to be improved and held as a sacred trust in memory of our boys in blue, who chose death rather than dishonor."

"When you look over these beautiful grounds now, you marvel at the thought and wonder how it could be possible that so much sorrow and suffering should ever have existed upon such a beautiful spot of ground."
